⊘ Auto Cart has successfully been registered.

Registration Details

Thank you for registering your application! To avoid any errors during implementation, we recommend that you review the following app registration details before continuing.

OAuth2

When making an OAuth2 access token request, your client_id and client_secret are required in the authorization header. You must use one of the following redirect URIs when authenticating a customer using the Authorization Code grant type.

⚠ Your client_secret can only be accessed by request once you click Continue. Select the print icon to print your app details and secret to pdf.

Name	Details
client_id	autocart-771b6959e64e64ef0a5327939704029a8324911397540419360
client_secret	**iMgN6ZdIkQQuuPUY2I3JXZVxFTOUphBweyBhUnFO** ⚠
redirect_uri	

Permission

Your application is now granted access to the following APIs. When requesting an OAuth2 access token, you must provide the scopes associated with the registered API you need to access.

API	Scopes
Cart (Public)	cart.basic:write
Products (Public)	product.compact
Profile (Public)	profile.compact

Your application now also has access to the following grant types and additional scopes.

Name	Details
Grant Type	authorization_code, client_credentials, refresh_token
Other Scopes *(i)*
